REAL WORLD. REAL SOLUTIONS.

## CIVACONTROL™ AIR SYSTEM

### Take Control of Your Entire Tank System During Loading and Unloading

#### Fail Safe Operation

CivaControl Air Systems provide simple control of the entire tank system during loading and unloading. CivaControl Air Systems bring together the control of Compartment Vents, Vapor Recovery Valves, Internal Valves, Overfill Protection and Vehicle Drive Away systems.

#### Tank Protection

Fully-sequenced operation ensures the tank can only be loaded or unloaded when the truck is in a ready condition.

#### Purpose Built

Specifically-designed, unique-function, heavy-duty pneumatic control valves ensures reliable performance in extreme operating conditions.

- Temperature range (-40° F to 150° F)
- Robust controls are ergonomically positioned for ease of operation
- Available for tanks with 1 to 12 compartments

Trailer Installation

#### Easy to Install

All valves are conveniently pre-mounted on a stainless steel panel for easy mounting in a central location.

#### Versatile

CivaControl Air Systems control the full spectrum of tank truck and tank trailer functions. Whether installed on petroleum transport trailers or tank trucks equipped with Civacon Manifolds, you're always in complete control. Conveniently mounted air pressure gauge and visual indicator advise the readiness of the system.

### Bringing it All Together

CivaControl Air Systems provide safe, sequenced operation of all essential components for the loading and unloading functions of your tank truck or trailer. By bringing together full control of the loading and unloading process to a central location, CivaControl provides easy and safe operation in all conditions.

#### System 3

CivaControl is the central component of System 3. The full benefit of CivaControl can only be realized when installed inline with a specific System 3 pneumatic layout and Civacon tank truck components. (Manholes, Electronic Overfill, Pneumatic Vapor Vents, Emergency Valves, Vapor Recovery Connections, Manifolds, API Adaptors, Guard Bars and Guard Bar Interlocks)
